Dear Josh,

September 24 is possible for me, but the 25th or 26th would be preferable. With the meeting being held so near the start of the fall term, I would drive up to Stanford and bring Joel and his impedimenta. Pearl would also probably come along in that case. This means driving up on the 23rd, which is fine except that I promised Dick Davies I would attend the Space Colloquium at S.T.L. on the 22nd and 23rd. Dick is willing to excuse me from the second day of the colloquium, but if you think the 25th is equally feasible, I would prefer it.

(for Whitey - 4)

In either case, I would appreciate hearing the final decision as soon as convenient.

All dates in September are open for me except Sept. 1-6 and 22-23.

Regards,

Norm
